Shukra graha, Venus in the ascendant position is strongly placed, when all the subha grahas (auspicious planets) are facing the subha grahas and should be seen by the ascendant at the same time, only then the natives will have a healthy and bright life. 2. The glance of strong subha grahas should fall on Kuja graha, Mars which is in the ascendant. Natives with this graha yoga will get a good life partner and share a great life together. If not, their marital life will face many challenges. 3. All the subha grahas should be seeing Shani graha, Saturn when it is placed strongly in the ascendant or the subha grahas should be in the 5th house of the astrological chart. Only with this yogam, the wish of having children with virtuous conduct will be fulfilled for natives of this raasi. If in case, the position of grahas is unfavorable or opposing, even if their wish of having children is fulfilled, they go through severe pain and distress. <p>First the graha stithi, planetary positioning, then having children, if</p>

When this phenomenon occurs, their wish to attain Sri Lakshmi's grace will be fulfilled for people of this raasi. If such a yogam is absent in this raasi, they experience severe pressure and stress in the business, employment during this lifetime.</p> <p>All the subha grahas should be seeing Shukra, Venus which is strong in the Ascendant. The subha grahas should be firm in the 7th house of the chart. When such a position like above occurs, then their family life will be very peaceful and smooth. If this graha yogam is absent, they face many difficulties and only severe sadness and teras will remain in their life. Regardless of how the planetary position is for this raasi, take a vow to do vratam for the three days of Deepavali definitely. Fasting through the day and taking only fruits and milk in the night is recommended. Consuming alcohol at home during this time will negate the benefit of the vow and vratam which in turn will invite Jyeshtha Lakshmi (older sister to Sri Maha Lakshmi) barring Sri Mahalakshmi from entering your home. Perform Sri Mahalakshmi Devi homa to bring in Sri Dhanlakshmi and to attain Sri Lakshmi yogam. Light lamps with 108 wicks on 1st day, 216 wicks on 2nd day, 324 wicks on 3rd day in Vippa oil, all doshas from many previous lifetimes will be reduced. All your grief will be removed, and happiness prevails.</p>
<p>DHANU RAASI (SAGITTARIUS)</p>	<p>Mula — 1,2,3,4 Paadas</p> <p>Purvashada — 1,2,3,4 Paadas</p>	<p>When the Ascendant is free of any doshas and all the subha grahas are firm in the 2nd and 12th houses of the chart, the natives of this raasi will stay healthy and will have a long life. 	<p>Utharashada — 1st Paada</p>	<p>graha dosha, marital life will face a few problems. When the subha grahas are not in the 5th house of the chart, the natives of this raasi will have to go through grief because of their offspring. Perform Sri Lakshmi vratam and worship mother with sincere devotion and restrictions for 3 days during Deepavali every year. Fasting through the day and taking only fruits and milk in the night is recommended, you will attain wealth with Sri Mahalakshmi's grace. For long life, blissful marriage and to negate the doshas, light lamps with 108 wicks on 1st day, 216 wicks on 2nd day, 324 wicks on 3rd day in Vipra oil.</p>
<p>MAKARA RAASI (CAPRICORN)</p>	<p>Utharashada — 2,3,4 paadas Sravana — 1,2,3,4 Paadas Dhanishta —1,2 Paadas</p>	<p>1. Shani graha, Saturn should be strong in the Ascendant with the subha grahas facing the Ascendant, the natives of this raasi will lead a healthy and long life. Because Shani graha, Saturn is the doer, significator of long life, hurdles and difficulties are significantly less for natives of this raasi. And if Shani is weak, then natives are extremely weak and powerless.</p> <p>2. When the subha grahas (auspicious planets) are firm and stable in the house of kendra trikona (Kendra Trikona yoga, is formed by a combination of the Kendra and Trikona house lords or the strong planets in certain positions in the native's astrological chart. This Kendra Trikona combination (Yoga) is formed if the lord of 9th house (Trikona) is involved in a combination by mutual aspect or placement with the lord of a Kendra house or its placement is in the ascendant) or if the subha grahas are facing the strongly placed Shani, Saturn, then natives of Makara raasi will be extremely wealthy and very famous.</p> <p>3. When a kendra yogam is formed, meaning no planets or benefic planets in the house, then the natives of this raasi will be paupers.</p> <p>4. When shukra graha, Venus is firm and strong in the Ascendant, the subha grahas in the 5th house of the chart are facing this house, then the children born to the natives of this raasi bring not only lot of name and fame to them but also bring immense happiness and comfort.</p> <p>5. When there is dosha in the Chandra graha or when the papa grahas (malefic grahas - Shani, Kuja, Rahu, Ketu and Sun) are facing the moon, then their dreams of having virtuous children will not be fulfilled and broken. For natives of this raasi, because of the 7.5</p>

		<p>years Saturn period, they have to take a vow and perform the Sri Mahalakshmi vratam. Fasting through the night and taking only fruits and milk in the day is recommended for 3 days during Deepavali. For good health and peace in the house, light lamps with 108 wicks on 1st day, 216 wicks on 2nd day, 324 wicks on 3rd day in Vippa oil. Sri Mahalakshmi will grant wealth and prosperity.</p>
<p>KUMBHA RAASI (AQUARIUS)</p>	<p>Dhanishta — 3,4 Paadas</p> <p>Sathabhisha — 1,2,3,4 Paadas</p> <p>Purvabhadra — 1,2,3 Paadas</p>	<p>It was already stated in the month of June 2020 this year that for people with Dhanishtha, Shatabhisha, PurvAbhAdra nakshatras in Kumbha rashi the month of September has been unfavorable, the planetary positions continue to be so even during the months of November and December.</p> <p>When the Ascendant is Shani and is facing all the auspicious planets, it gives them the power and strength of that favorable Ascendant, and they will be blessed with good health and long life. However, this is not the case for everyone for people in this raasi. For the most part, many will experience illnesses, and also intensely severe illnesses due to the constellation of the unfavorable planets. The people in this raasi will experience weakness all their lives, and will be in sorrow resulting from all the commotion within their minds. They will be burdened with sorrow and unrest and disturbance.</p> <p>A strong Ascendant should be facing the auspicious planets and they should be stable either in the center or in the triangular corners of one's astrological chart. Such a position would be great. If it is so, then people in this raasi will have unlimited grace of Lakshmi. If there is no flow in money, that would mean the planetary positions are not in accordance. If the planets are in disorder and irregular, then they will be struggling for money. Whatever they get will not be enough and will not stay.</p> <p>Dhanteras, Dhana Chaturdashi and Dhana Diwali are auspicious and important dates to pray for Lakshmi's grace. Dhana Lakshmi is one of the forms of Ashta Lakshmi. Those who want the grace of Sri Lakshmi should definitely do Lakshmi vratam on these days. They should definitely fast on these 3 nights and do Sri Maha Lakshmi</p>

		<p>Homa to reduce their anxieties, worries, slander, insults and destroy the sins.</p> <p>You should always pray on these 3 nights by lighting 108 lamps with Vippa ghee oil on the first day and increasing it by 108 to 216 lamps on the 2nd day and 324 lamps on the third day.</p> <p>. God's grace can only be obtained by first destroying the many defects and sins. So, like this, worship Sri Lakshmi Devi with lamps, and all your defects will be eliminated.</p>
<p>MEENA RAASI (PISCES)</p>	<p>Purvabhadra — 4th Paada</p> <p>Utharabhadra — 1,2,3,4 Paadas</p> <p>Revathi — 1,2,3,4 Paadas</p>	<p>We mentioned earlier in June that these planets will cause a lot of mental and physical stress and they will continue to be so. You should always perform Shiva Abhishekam and chant Shiva Panchakshari every day. People in this raasi will always have expenses beyond their earnings. If the planetary position is strong and without any defects, it is also important that at the same time these auspicious planets should be aligned and stable and facing the Ascendant. It is only when you have this combination of yoga that people of this Meena raasi will have good health. However, these people overcome many of the intense severity of ill health, and dangers to their existence or life many times, because of daiva balam, divine grace, but their health will not be good.</p> <p>In the case of one who has a non-defective Ascendant like Venus, such a man or woman in this Meena raasi, will have a husband or wife who will have a very sacred and pure life.</p> <p>Kuja, Mars, is dhanApati, lord of wealth. All strong planets should face this Kuja graham, planet or they should be positioned in beneficial positions. Such a graha yogam or auspicious planetary position is very rare. If it happens, people born with the following stars such as UttarAbhAdrA, PurvAbhAdrA, Revati in Meena raasi, they will become millionaires with the grace of Lakshmi Devi. If the planetary position is in an inauspicious house or reversed, then they will become paupers.</p>

People in this raasi suffer with anxiety and worry with constant headaches and some form of intense ill health because of a lack of money or it's instability. You will have a lot of mental disturbance and will be agitated. If you are agitated in this way, you can definitely practice the Sri DeepAvali dhanalakshmi vratam for 3 days by fasting and performing homa all the three days to have Sri Lakshmi stay in your house. By doing so, you will have at least some money to stay in your house. By doing this, your laziness and lethargy and disturbance will decrease. Burning the lamps with vippa butter oil will grant you these rewards. It is only this Sri Lakshmi Homam and no other remedy that can give you the Sri dhanalakshmi yogam. You are already aware of this.

Obtain Sri Dhanalakshmi's grace on the occasion of this Deepavali by serving Her.
